What are my obligations?

When and how do I pay?

The premium is paid periodically or for the entire duration of the insurance. This is usually done by direct debit but can sometimes be done in full or in part directly at the time of taking out the policy.

Premium

You usually pay the premium per month, or sometimes per year. After the minimum period you can cancel on a monthly basis. In some cases, the premium can also be paid as a lump sum. The duration of the contract is then equal to the period for which the premium is paid.

Change of premium

A decrease or increase in the insurance tax and unusual claim behavior can affect the amount of the premium. Should this be the case, Harmony Service Center B.V. will notify you.

When does the cover start and end?

Your (temporary) coverage will take effect at the time the insurance has been taken out. Within 14 days you will receive the final confirmation by e-mail including your policy schedule.

We may terminate your insurance within one month of processing a claim, subject to of two months' notice. This also applies during the minimum contract term. The coverage usually ends one month after cancellation, or at the end date of the contract. When you do not pay your premium (on time), the coverage is suspended. Your products are then (temporarily) not insured. Please note that your obligation to pay continues.

How do I cancel the contract?

During the provisional coverage, within 14 days of receiving the policy schedule or after the minimum duration of the contract, you can cancel your contract. If you cancel after the minimum duration of the contract, a notice period of one month applies. Both we and you can terminate the insurance after a loss.
